We would appreciate having a statement about your philosophy and work as an artist—either general or something specific about the piece(s) selected for this year's May Show to aid us in the preparation of gallery talks and in the release of publicity materials. "My printworks often portray the union of flesh and spirit at an emotional point where an individual is isolated by an event. I try to allow human intuition to over-ride conscious reasoning. Distorted use of anatomy only underlines that which we cannot control. It is those thoughts and feelings which flowforth spontaneously that attract me most as an artist."
